ONLINE HANDBOOK AGREEMENT

The Online Course Parent/Student Handbook is a vital component to the success of this program. Though the handbook does not contain every specific rule or regulation concerning the program, it does include major policies and general information to help students and their parents better understand this unique program.

I have read the Parent/Student Handbook and understand the requirements and steps to take for online course enrollment. After reading the handbook. I believe my child is a good candidate for the online learning experience. I understand it is the responsibility of the student to engage and participate in the online course. I also understand, as parent/guardian, I am responsible to monitor and encourage my student in this online learning.
